

FREE CE Program For Social Workers and Certified Case Managers

This course, "The "POWER" of the Power of Attorney– How to Avoid the Time Consuming and Expensive Process of Guardianship", Approval #142305-9352, provided by Hauptman & Hauptman PC, is approved for continuing education by the New Jersey Social Work Continuing Education Approval Collaborative. CE Approval Collaborative Approval Period: July 14, 2014 through August 31, 2016. Social workers will receive one (1) non-clinical continuing education hour for participating in this course. In addition, this program is a certified continuing education course for Certified Case Managers. The course has been approved by the Commission for Case Managers for 1 credit hour.

Course: **The "POWER" of the Power of Attorney- How to Avoid the Time Consuming and Expensive Process of Guardianship**

Description: This course is an overview of the legal issues and questions faced by the social worker in regards to what their clients need to know about powers of attorney, health care directives, and guardianship. This course will define what a power of attorney and health care directive is and how they are utilized. In addition, the course will discuss the legal capacity necessary to execute a power of attorney and health care directive, doing it yourself vs. seeing an elder lawyer, repercussions of not having one, and clear up any misconceptions clients may have regarding these documents. The course will review when guardianship is necessary and cover the guidelines for being appointed guardian, cost and time involved in filing for guardianship, and restrictions surrounding guardianship as compared to a power of attorney.
